## The Taking of Lima.

### SCENES AT THE CAPTURE OF THE CITY.

The Place First Sacked by Peruvians.

NEW YORK, Feb. 18.  
The Evening Post publishes a letter from its Panama correspondent giving very interesting and entirely new details concerning the capture of Lima and Callao. The correspondent says: "It seems to be universally conceded that at the termination of the battle near Miraflores, five or six miles from Lima, the Peruvians held the advantage, and might by one more determined and prompt effort, have made themselves masters of the situation. Encouraging and congratulatory dispatches from the front—bulletins, announcing a Peruvian victory—were put in the press. Fireworks were prepared, and the streets of Lima and Callao were filled by jubilant and excited crowds. At this time occurred one of those unanticipated events which sometimes in one moment change the fortune of a battle and destroy a people.

PIEROLA'S FATAL SLUMBER.  
Pierola, who had passed four days and nights almost continually in the saddle, overcome by exhaustion, was placed on a stretcher in the field, where he was immediately plunged into a profound sleep. The troops, it is said, had been all day without food or water. At this critical moment, while their chief was unconscious, the superior officers disbanded their forces, and assuring them that the Chilean herds would soon be swarming through Lima and Callao, robbing, pillaging and devastating, advised them to anticipate the Chileans and help themselves to whatever they wanted.

A PANIC IN LIMA.  
Later on stragglers from the front began to arrive in Lima and Callao, and their fearful reports were circulated as if by magic. The bulletin and fire-works were suppressed and instant preparations were made for destroying the forts and shipping. All of the morning of the 16th armed soldiers continued to pour into Lima and Callao, but they passed in profound quiet and gloom, without any indication of what was to follow, except the forming in many groups of soldiers, negroes and Indians in the suburbs of the cities, and the suspicious quietness with which they were discussing recent events.

THE PILLAGE BEGINS.  
At about 10 o'clock at night the pillage began; doors were smashed in, and soon the streets swarmed with men, women and children laden with huge bundles of every class of objects that can be imagined. The attack was opened on the stores of the Chinese, and these furnished huge quantities of fire-crackers, bombs and cheap fireworks, the popping and banging of which added to the uproar and confusion.

THE SHIP ON FIRE.  
Toward morning the scene was rendered more frightful by the glare of the burning ships, all of which had been fired, and the frequent explosion of dynamite, which had been placed under every gun which defended the fort. No sooner did the rioters get a taste of the pillage, excited perhaps by liquor, than they systematically began sacking all the stores and houses on a level with the street, without regard to nationality.

SLAUGHTERING THE CHINESE.  
In Callao, perhaps thirty Chinese were killed. As most of them were killed on the outskirts of the town and upon the open pampas, it is probable that they were pursued and murdered simply for the pleasure of killing. In Lima the mob was greater and the riot began at an earlier hour. Some hundreds of Chinese were sacrificed. Not only does it appear that the rioters were incited and encouraged in their horrible barbarities by the superior officers of the army and navy, but many detachments of rioters were led by Peruvian officers, who participated in the plunder.

THE RIOT SUPPRESSED.  
At noon of the 17th the riot suddenly ceased. A number of foreign residents, many of them owners of stores which had been pillaged, hastily organized themselves as an "urban guard" and sallied forth upon the mob. News of this seemed to spread like lightning through the city, and simultaneously, and in one moment, the rioters disappeared as if swallowed by the earth. The guard was soon adequately armed with abandoned rifles, and undertook a systematic search through the lanes inhabited by the poorer classes of people, and much of the stolen property was recovered.

MOODY STREET FIGHT IN LIMA.  
The men, influenced by their losses and perhaps by other stimulants—of

which there was no lack—did not perform their self-imposed duties with negligence or undue gentleness, and in the morning many of the corners were encumbered with swarthy corpses. In fact, several of the guard fell victims to their zeal, as in Lima the rioters were much more numerous and their area of operations greater, resistance to the urban guards was much more serious, and it is said that more than 500 rioters were killed.

Sara Bernhard's Bump.  
From the New-York Sun.  
Phrenological chart of Mlle. Bernhard: Her amateness is quite well developed, but not in a remarkable degree. She would be capable of very ardent love, but only for a truly congenial object, and she would by no means be dependent upon this faculty for happiness. Her philoprogenitiveness is very large. There could not well be a more devoted mother. To quote, her own words, "J'adore les enfants." She has rather large adhesiveness, but with her temperamental attachments would not always be of the most enduring character. Her continuity, as in the case of nearly all the French and Americans, is very deficient.

## THE WAGES QUESTION ON THE COMSTOCK.

The question of reducing the wages of miners, or rather of grading their wages, is now the topic on the Comstock. The Chronicle reports a veteran miner as saying:

"I have worked in all the principal mines on the lode, and I know that there is not any large amount of low grade ore in any of them. Every man who has worked in the mines knows this to be true. That is why they are opposed to the reduction. I do not believe any more men would be put to work if the wages were reduced. Now I have been mining all my life, and I find one thing different here from any other place I was ever in. In England and other places where there is a drain tunnel, the level along which it runs is considered as the surface, and is treated as such in all matters relating to wages and hours of labor. It is called the adit level, and all men working above the level are considered as surface men. I simply mention this to show that this is an exception to the general rule of mining countries."

A correspondent of the Chronicle suggests the working by contract of those bodies of low grade which are supposed to exist, claiming that plenty of experienced miners will be found ready to take contracts for the purpose. Another correspondent says:

"I am credibly informed that the President of the Virginia Miners' Union has had two conferences with some of the leading mine managers, at which they have been asked if they would guarantee the employment of any specified number of men for a specified length of time. This question they evaded, and by declining to answer it they have caused a suspicion to be entertained on the part of the miners that there may be something more intended than reducing the wages of those working above the 2400 level."

The situation seems to be that the mine managers are in earnest in their proposal to have the low grade ores worked on a low scale of wages, but that the miners are distrustful, fearing a general reduction. It appears to be evident, however, that unless miners are permitted to work for less than \$4 many of them will be obliged to leave the Comstock. The force of men employed in the mines is constantly diminishing, and there is no immediate prospect of bonanza.

## EDITORIAL NOTES.

The proprietor of the GAZETTE takes this means of informing the Journal that there is no such person as "The young champion of mobocracy" connected with this paper. The GAZETTE feels at full liberty to criticize the course of any of its contemporaries upon public matters, but it is the GAZETTE that does so, and not any individual. The practice the Journal has fallen into of late of transferring the real questions at issue into the field of personal attack is unbecoming, and is not practiced by any respectable journalist. As to dropping the matter, we can well afford, as a business rival of the Journal, to allow it to "keep going" as long as its steam lasts, for its course during the past week has done it immense harm. No one connected with the GAZETTE has any connection with the "601," and none of us were in Chinatown with the party in question. The GAZETTE has only followed out its rule of working for the best interests of the town, and finding it necessary to defend it from a slander, it did it as forcibly as it deemed necessary.

A Sioux Indian who declares he killed General Custer has recently turned up in Miles City, Montana. He is called Rain-in-the-Face. The fact came out in a store in Miles City in the manner here described: "Mr. Courtenay was reading from Whittaker's 'Life of Custer,' and in turning the leaves of the book one of the Indians caught sight of his own picture, which he immediately recognized. They then took the volume from Mr. Courtenay and found all their portraits, but exhibited little emotion of pleasure or otherwise until one turned a page and the picture of Gen. Custer was revealed. At this Rain-in-the-Face became greatly excited, going through with all the gyrations of the war dance, and giving the Sioux war whoop at the top of his voice.

After he was through with his wild demonstration, but still exhibiting the greatest anger, he struck the picture with his hand, and with a demoniacal sneer on his face, said in the Sioux tongue:

"I killed him. I made many holes in him. He once took my liberty: I took his life."

Voters who find fault with the lack of money in the school fund, should remember that the apportionment was reduced some time ago by the Commissioners, from twenty-five cents to fifteen cents on the hundred dollars. This has left every district in the county short, and shows that the Trustees of District No. 10 have done nothing extravagant. If the tax is not levied the schools will be closed from some time in April until September, and the boys will run wild all summer, unless they are sent to private schools, which will cost two dollars a month apiece, or eight dollars for the summer, which would throw the tax upon many poor people who cannot afford it, and relieve many rich ones who can.

Peter Cooper has passed his nineteenth birthday. There are many richer men in New York, but none more honored. He made a fortune in the glue business, and has spent large sums for philanthropic objects. He is widely known as the founder of the Cooper Union, one of the most famous institutions of New York. Cooper has done much good with his money. The Sun says of him: "At ninety he is hale and vigorous, and life is still full of zest and enjoyment for him. And well it may be for so good a man, who carries in his breast an approving conscience and a heart of fresh and honest sympathies."

Senator Powling's fondest hopes were crushed by the defeat of the asylum bill, but it is due to him to say that he fought like a Trojan to secure its passage, and left undone nothing that could be done to that end. The fates were against him, and if he made mistakes they were mainly instigated by those people of his town most anxious for the passage of the bill. No man could have made a more earnest and gallant fight, and even though he has been unsuccessful, he is deserving of the lasting gratitude of the people of Reno for his efforts in their behalf. Carson Tribune.

There is hope that an international monetary commission may be called to establish a uniform double standard for gold and silver coinage. If Germany, France, England and America could meet on this question it would be of immense benefit to Nevada. With their immense credit they could very easily bring a 412 1/4 grain dollar to par with a gold one, and always keep it there. For the United States to continue in its present course of coining a dollar which it will not receive for duties or exchange for greenbacks or gold is ridiculous.

Cases of hydrophobia are frequently reported in the New York papers. The last victim is little Minnie Lee, of Newark, N. J. She was bitten by a mad dog, and two other little children bitten by the same animal are likely to show symptoms of the disease. Hydrophobia is inevitably fatal, we believe, its victims dying in convulsions. The Pacific Coast is almost entirely exempt from this frightful malady. No case of it has ever occurred in Nevada or California, so far as we know, and it is rare in Oregon.

The bill introduced by Senator Schelling for the preservation of fish is one of especial interest to this section. We have not yet been furnished with a copy of the bill, but understand that it changes the close season so that trout can be caught from Jan. 1 to June 1. It also requires ditch owners to put in wire screens at the head of their ditches to prevent the entrance of young fish. The young fish now perish by many thousands in the ditches, owing to the occasional drawing off of the water.

It is thought that President Hayes may veto the funding bill, on the ground that it will be impossible to sell the three-per-cents at par. If the bill becomes a law it will bear hard on the National Banks, and it is not unlikely that many of them would give up their charters. The bill makes a difference to them of 1 1/4 per cent in interest on the bonds they are required to deposit for security.

The good news comes from Carson this afternoon that Powling's bill for

the erection of an insane asylum on the State grounds here, passed the Assembly by a vote of 27 to 11. This settles the question, as there is no doubt of the success of the measure in the Senate. We congratulate the Washoe delegation, and particularly Senator Powling, on the success which has crowned their efforts.

Although the Reno Bill was defeated, it is but justice to say that it was not beaten on its merits. Langdon & Clark's lobbyists did the work, and the sack must have played a leading part in the matter. Carson Appeal.

W. H. H. Murray has dropped the Rev. Well, he is just as good without it. No man is the better for being a minister. They say, though, the ministry is just as good without Murray.

The proposition is for the newspapermen to meet in Carson Sunday Feb. 27. The type yesterday made us say Friday.

Counsel for G. W. Smith, recently convicted of murder at Nevada City, feel confident of obtaining a new trial for him.

The sum of \$250,000 has been subscribed for the Grant fund. This ought to keep the General from actual want until he dies.

A subscriber at Carson asks when the Legislature adjourns. The happy day is set for March 4th.

The Senate yesterday adjourned till Monday.

## ROUND ABOUT.

A girl in Eureka got a \$100 gold note for a valentine. That's the kind of valentine the girls like best, after all.

Judge Beatty, formerly Supreme Judge of Nevada, has gone to Sacramento, to engage in the practice of law.

The material of the late Bodie Standard is stored in Los Angeles for freight charges, and the teamster who took it from Bodie refuse to let it go.

It is rumored at Los Angeles that Colonel Peter Donahue will at once proceed to build a railroad from Los Angeles to the Steamship wharf at Wilmington, as a rival of the Southern Pacific Railroad.

The house of Simon White, a farmer, near Sepulveda Station, Los Angeles, was destroyed by fire February 16th. He and his wife were awakened by the firing of a pistol that was exploded by the fire, and had barely time to get their children and escape. The loss is \$2,000.

An heir of the Castro family has commenced suit to recover all the land in what is commonly known as the Santa Rosa grant, lying south of Santa Rosa Creek, Sonoma county, and it said will commence suit in a few days against over 1,700 owners of land on the north side of the same creek. It is said to be a blackmailing suit.

The Eureka Sentinel says the Sand Springs salt marsh, in Churchill county, Nevada, has been having a lively run the past few months, turning salt for the Grantsville mines to the amount of 200 tons per month.

The property was for a long time considered valueless, and some years ago was sold for taxes to the present owner, who is now reaping a rich bonanza.

Labor troubles in Lewis mining district, Lander county, are assuming a serious shape. A Miner's Union has been formed, which demands \$4 per day for men who were previously receiving \$3 50 in mines which are only 200 feet deep. Mob violence is threatened. In consequence of this the Salt-Grove mine has shut down, and the Betty O'Neal will probably do the same unless the men who are willing to work for \$3 50 are unmolested.

**Fees of Doctors.**  
The fee of a doctor is an item that very many persons are interested in just at present. We believe the schedule for visits is \$3, which would tax a man confined to his bed for a year, and in the case of daily visits, over \$1,000 for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.—Ed.

All watches and jewelry repaired or made to order, in guaranteed as represented at I. Frederick's. feb15

**Answer this Question.**  
Why do so many people we see around us, seem to prefer to suffer and be made miserable by indigestion, constipation, diarrhea, loss of Appetite, coming up of the food, Yellow Skin, when for 75 cts. we will sell them Shiloh's Balm, guaranteed to cure them? Sold by Osburn & Shoemaker, Druggists, Reno, Nevada.

**Finest brands of old Port and Sherry wine** Mount Vineyard, French claret and other wines by the gallon or bottle at the Wine House.

**Slaven's Cherry Tooth Paste.**  
An aromatic combination for preservation of the Teeth and Gums. It is far superior to any preparation of its kind in the market. A large handsome Glass bottle, 50 cts. or sold by Osburn & Shoemaker.

**All Lovers of a First-class Pitt Cigar** come to John F. Myers' Drug Store, we doors west of Postoffice. feb16

Save trouble and money by having your watch and jewelry repaired at Goeggel's on Virginia Street, Reno. jan14-f

**Which Shall It Be.**  
The School Trustees of District No. 10 have only sufficient money to run the schools until March 1. The reasons are, 1st. They have been forced to employ three more teachers than ever before. 2nd. It takes more fuel to heat the new school house. 3rd. The janitor's fees are larger. They want to know whether they shall levy a tax or close the schools. An election will be held on February 28 to vote on the proposition.

**NOTICE.**  
Notice is hereby given to the qualified voters of Reno School District No. 10 that there will be an election held, Wednesday February 23, 1881, at the old school house, between the hours of 12 m. and 4 p. m. Said election is called to submit to the qualified voters of said District the question whether a tax shall be raised for the purpose of continuing the schools of said District for the term of four months longer, there being no more money in the fund belonging to said District than will run the schools during the month of February. The amount proposed to be raised is \$3,300, including the expenses of an election, etc.

By order of the Board of Trustees of said Dist. No. 10. J. L. McFARLIN, D. D. BOWEN.

**Case of Lame Back Cured.**  
Green Valley, California, April 18, 1879.—The California Porous Plaster Company, Dear Sirs: My daughter Jane thanks you for saving her life. She suffered for two years the most intense pain and soreness in the small of the back, extending at times all along the spinal column. She was so bad that she had given up all hopes of recovery tried a dozen or more physicians all to no purpose. I am now glad to inform you that she is entirely restored to health through the use of your Plasters. Yours respectfully, J. H. WILLIAMS.

Have "Grandfather's Clock" repaired at Goeggel's. jan31-f

## The Deficits Under the New Salary Law.

Says the Eureka Leader: "Under the new salary law the returns from the several counties of the State in each instance show big deficits in the salary funds, and the county officers throughout the State are unanimously opposed to the law, and declare that under its provisions a continuous loss cannot fail to be incurred. For the month of January Humboldt county ran behind \$911.71; Lander, \$1,042; White Pine, \$1,205; Ormsby, \$890; Elko, \$1,400; Storey, \$2,970; Lyon, \$650; Washoe, \$925, and Eureka, \$1,968. We have not been informed as to the figures in Lincoln, Esmeralda, Nye or Churchill, but it is more than likely that they will show proportionately as great a loss as those mentioned above. This certainly is not a very economical showing for the law so far, and if the loss continues at the same rate for the ensuing months of the term, which there is much probability of, the Salary Law will lose its popularity with the people."

## Church Notices.

There will be divine service at the Methodist Episcopal church to-morrow at 11 A. M. and 7:15 P. M., Rev. C. McKelvey officiating. Subject for the evening, "Moody, His Meetings and Methods." Song service at 6:45. The Moody & Sankey books will be used. Seats free. All are invited. Sabbath school at 1:30 P. M.

Services at Trinity church as usual to-morrow.

Congregational Church—G. F. G. Morgan, pastor. Services to-morrow morning and evening. Sunday School directly after morning service.

## District Court Notes.

Douglas vs. Wooten—Motion to dismiss appeal of plaintiff denied. Annie West vs. Laura C. Steiger et al.—Continued till Monday. Jury excused and Court adjourned till Monday at 10 A. M.

## FAITH IN THE COMSTOCK.

Prof. Stuart Thinks There Are Big Bonanzas Yet Undiscovered in the Old Lode.

From New York, under date of February 8, 1881, Prof. W. Frank Stuart writes to the Virginia Chronicle thus hopefully of the future of the Comstock lode:

"As you are aware, I spent many years of my life in exploring and determining the geological, lithological and mineralogical conditions of the Comstock mines. I may state without egotism, that I am familiar with every rock and mineralized vein in Storey county, and I have no hesitancy in asserting that the structure of the Comstock yet holds richer and more extensive ore deposits than any hitherto developed. The experience of the foremost mineralogists of the age proves beyond cavil that true veins of silver ore will at least penetrate to the very bottom of the formation in which they occur. The distinguished German geologist, Von Cotta, says: 'Up to the present time it has never been proved that a lode has been followed to its end; that is, to where the fissure actually ceased. Most of the stated cases concerning the wedging out of veins, or their becoming sterile with increased depth, rest on the fact that ores are generally irregularly distributed in the veins. As long as the fissures exist there remains a possibility of their widening out and containing ore.' The same reliable author further assures us that 'ore veins (silver) will certainly be as deep as they are long.'"

The simple truth is that a true fissure silver deposit is practically inexhaustible. There are silver mines of this character in Europe, which have been successfully worked for thousands of years, and still give no sign of exhaustion. It is a venerable axiom that 'mortal man has never yet seen the bottom of a true fissure silver deposit.' The Comstock is one of the grandest fissure lodes on this planet, and it is safe to rely upon the hopeful words of Von Cotta—'As long as the fissures exist there remains a possibility of their widening out and containing ore.'"

That enormous bodies of rich ore exist at profound depths in the Comstock, I do not for one moment doubt. The only question now is, Can human ingenuity devise means to eliminate the heat and water at such tremendous depths? If the owners of the great lode can master the heat and water difficulty, I have no fear for the ultimate glory of the grand old Comstock.

## WHERE A BONANZA CAN BE FOUND.

Before closing this letter, I desire to assure those whom it may concern that there is a rich virgin bonanza at the north end of the Comstock. I never could get the owners of the north end properties to understand that the great ore body of the central or 'bonanza lode' of the system, underlies the trachytic mountain of which the famous 'Sugar Loaf' is a section. The bold out-cropping of the Scorpion in Seven-mile Canyon is the apex of the great central lode to which I have alluded. This great vein dips east at an average angle of 45 degrees, and therefore drives under the volcanic mountain opposite Ira Parke's tailings mill. Hitherto mine-owners at the north end have wasted their energies at points too far to the west."

## The Trot This Afternoon.

The race this afternoon drew many people to the track, the warm sunshine making it a pleasure to be out of doors. The trot was for sweepstakes of \$100, \$35 having been put up by the driver of each horse. The starters were Saith Hill's Billy Lee, T. H. De Vall's Willy Graham, L. W. Lee's Ball Hornet and Bradley's Black Charley.

The first heat was won by Ball Hornet, Black Charley coming in second. In the second heat Billy Lee came to grief at the quarter pole, overturning and smashing his enemy. At the half-mile pole Billy Graham also spilled his driver, and dashed back to the stand. Ball Hornet came in winner, Black Charley distanced. Ball Hornet was declared the winner of the race. Time 3:38, 3:21 1/2. The race was very exciting.

## Mining Stocks.

Stocks opened weak this morning, and sales were light. The following are closing Board quotations: Ophir, 4 1/2; Mexican, 5 1/2; Gould & Curry, 3 05; Savage, 2 00; Hale & Norcross, 3 00; Point, 1 40; Bullion, 1 00; Alta, 2 10; Union, 7 1/2; Benton, 65; Jupiter, 60. Quotations after the Board showed a slight improvement.

How the Untutored Pinto Maidens dispose of Hated Rivals.

This is the mating season with the Pintos. The manner in which they do their courting is described by the Pioche Record, as follows: "Fighting commenced on Meadow Valley street between two gentle maidens, who had a quarrel over a handsomely-painted buck. The girls stood their ground well and punched each other with their fists in true white man style, affording much amusement for both red and white spectators. After the battle the victor walked over and stood by the prize she had won. There were a number of fights between the bucks. Two brothers, who had changed squaws, had several fights during the day. One brother, who thought that he had got the worst of the bargain, wanted to trade back, but the other refused, and they were fighting at intervals during the whole of the afternoon, resulting in one buck getting both squaws. During that night the Indian campody was a scene of many disturbances." But in justice to the young bucks and squaws, it should be stated that their courtship is not always conducted in that manner. Some of them, probably those who have no rivals, conduct their love affairs without fighting. The women, however, are considered the property of the men, who exercise the right of selling them or beating them, as they do their ponies, and both men and women seem to think as much of their children as white people do of theirs.

## The Grace Heslep Comedy Company.

The Grace Heslep Comedy Company, which has been organizing in Reno during the past few weeks, will appear Friday evening at the Nevada Theatre in the beautiful play of "Dora," with Miss Grace Heslep as leading lady, and Miss Blanche Leonard in the role of Mary Morrison. Miss Heslep is an actress of reputation and experience, having played principal parts in every theatre of any note in the United States. Miss Leonard's many friends will take great interest in her debut on the regular stage. She displays great aptitude for her chosen profession. There are six members in the company, which includes Messrs. Stayley and Gregory, who have already appeared before Reno audiences. The bill for next Friday evening concludes with the laughable farce of "The Persecuted Dutchman," with Mr. Stayley as "John Schmidt." A first-rate performance is anticipated.

The company play in Reno one night only. They next go to Carson, and afterwards through eastern Nevada to Idaho.

## Spring Weather in Advance.

The prevailing weather makes people forget that it is still winter. The sunshine to-day was as warm and bright as could be desired at any season. There is not a trace of frost in the ground, and gardening has been commenced in many lots about town. It is idle to say that everybody looks for an early spring, for spring seems to have already arrived. The buds are swelling on the trees, and one looks every day to see some tentative leaves come peeping out. Green grass is springing up everywhere. The ants have commenced enlarging their homes in the earth, and fresh circles of pellets mark the site of their abodes. Bees hum through the still air of afternoons, and the little lizards come out to sun themselves on the warm side of a rock, with bright eyes wide open, expectant of the incautious fly.

## Valuable Publications.

J. J. Cooper is canvassing Reno for the Annual Statistician for 1881, a volume of 624 pages, published by L. P. McCarty, of San Francisco. It is the most complete volume of reference published in this country, containing statistics relating to geography, chronology, biography, revenue, expenditure, public debt, the United States (especially the Pacific States), and many other subjects. Altogether it is a most valuable work.

Mr. Cooper is also agent for the Pacific Coast Postal Directory, a monthly publication giving the name of every post-office on the Pacific Coast. It costs only \$1 a year.

## Drugs and Patent Medicines.

Of every description, sold cheap by John F. Myers, two doors below the post-office.

Before sending below or East, examine Googel's fine assortment of Jewelry and Watches.

## JOTTINGS.

—The river is steadily falling.  
—Goodshaw is assessed 15 cents.  
—Syndicate is assessed 75 cents.  
—People who like a good dinner naturally drop in at Joe's.  
—Playing marbles is now the schoolboy's recreation.  
—Twenty car-loads of cattle from the Humboldt went west this morning.  
—Chas. Knust is shipping a great many Washoe potatoes to California.  
—Several Renoites have moved to Mt. Idaho, Idaho county, Idaho Territory.  
—Now that the weather is warm again, more people are patronizing Pechner's baths.  
—Little Flora Walsh has been giving concerts in Carson this week. She will probably come to Reno.  
—An assortment of dressed lumber arrived at the yard of Condon & McIntosh this morning.  
—Remember to-morrow morning that "cleanliness is next to godliness," and go to Pechner's for a bath.  
—The west-bound overland was an hour and a half late last night. It brought mails from New York.  
—Brookins has hired the store recently occupied by the proprietors of the Delta saloon, and put in a stock of pianos for sale.  
—Next Tuesday will be Washington's birthday, a legal holiday. It will probably be generally observed in Reno.  
—Game has not been so scarce for many years. No ducks are to be seen. Men find no use for shot-guns—unless married.  
—Captain Cook is building him a house on the corner of West and Fourth streets. It will make a very handsome residence.  
—There is talk of organizing a pedestrian club in Reno. A few miles of the law have lately shown a violent propensity for raising dust.  
—Mrs. Amos Alt opens a dancing school in Truckee next week. She has a class of 25 there already. Of course she will teach the raquet.

—Wild flowers may now be looked for on the river's bank with some prospect of success, and it is possible that in some secluded nooks the little violets may have ventured out.

—The fishing has not yet become good. It is better down the river, but the trout are not running up in any great numbers. Campbell caught a nice six-pound trout in the canyon below town yesterday.

—One of the most interesting features of the entertainment to be given by the ladies of Trinity Church will be the "Fan Brigade." This consists of a number of our prettiest and most graceful young girls. They will be dressed in style of Queen Anne, and will perform all the evolutions to the best of music. Their postures and bows and fan movements are very charming.

—Jupiter and Venus are now about to pass each other, and may be seen shining side by side in the west until late in the evening. Saturn seems left entirely out in the cold, as it were, and lags behind Jupiter, his feeble ray quite eclipsed by the splendor of his colossal rival. But in a few weeks Saturn will have the post of honor, and Jupiter will be sipping out of sight.

—Shiloh's Consumption Cure. This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while the wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough, we earnestly ask you to try it. Price 10 cts., 50 cts. and \$1.00. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plasters. Price 25 cts. Sold by DeBarn & Shoemaker Druggists, Reno, Nevada.

## A Cross Baby.

Nothing is so conducive to a man's remaining a bachelor as stopping for one night at the house of a married friend, and being kept awake for five or six hours by the crying of a cross baby. All cross and crying babies need only Top Blitters to make them well and smiling. Young men, remember this—Go

The celebrated Dunham whiskey, A. A. whiskey, Old Time and other favorite brands, also the well-known Grande Marnes and other Cognac by gallon or bottle at the Wine House.

If you want fresh groceries, hard or tinware at bedrock prices, go to Chas. Knust, Feb. 7.

For Cheap Drugs, Toilet Articles, Patent Medicines, Perfumery, etc., call at Jnd. F. Myers' Drug Store, two doors west of the postoffice, Feb. 7.

Remember the oldest Jewelry establishment in Reno, where you can find the best and largest stock of gold watches and chains, also Jewelry, all of which are offered cheaper than any other house in Nevada or California. Call and see for yourself. L. FREDERICK.

## BY TELEGRAPH.

Powning's Asylum Bill Passes The Assembly By a Vote of 27 to 11. CARSON, Feb. 19.  
Powning's Asylum bill passed the Assembly this afternoon by a vote of 27 to 11. Coffin gave notice of a motion to reconsider, but the action of the Assembly is considered final. There is no doubt of the success of the bill in the Senate.

## The Chinese Treaties.

NEW YORK, Feb. 18.  
An evening paper's Washington special says: It is said that Senator Eaton, Chairman of the Foreign Relations Committee, who has the Chinese treaties in charge, intends to keep them back until after the 4th of March. There is a great deal of dissatisfaction about the language of the emigration clause, and it is not believed that there will be time for its proper discussion this session. No such understanding had been reached in committee when the treaties were under consideration.

## Railroad Rates in California.

SAN FRANCISCO, Feb. 18.  
The Railroad Commissioners, at a meeting to-day, fixed railroad freights in the State at a reduced but varying schedule, averaging 25 per cent. The railroad must furnish transportation for second and third class passengers at sixty per cent. of first-class fares.

## Yaqui Indian Uprising in Sonora.

TUCSON, Feb. 18.  
Information this morning from Hermosillo, Sonora, Mexico, is to the effect that the Yaqui Indians are preparing for a general revolt. They have driven all the ranchers outside of what they claim as their land, which covers about 250 square miles, and is the most fertile and the richest mineral land in the State. They rob all travelers who pass through their country, irrespective of nationality.

The Mexican government proposes to send 4,000 troops to build forts and protect the settlers who may return. Two thousand five hundred of these troops are now en route from Guadalupe, and 1,500 are to be recruited at Guaymas and Hermosillo. The Yaquis are about 15,000 strong, and can muster about three or four thousand warriors. They are partially civilized; stock raising, farming and mining being their chief occupations. They declare they will not give up their territory or allow any other people but their own to settle on these lands.

## A Murder at Bakersfield.

BAKERSFIELD, Feb. 18.  
Francisco Cuneo, a helpless old man of 75 years, was shot in the forehead this morning at Sumner by Cruz Dominic, a rival barber. Dominic escaped, but was afterward captured and is now in jail. Cuneo cannot live. The shooting was entirely unjustifiable.

## Drowned While Forging a River.

MERCED, Feb. 18.  
News has just reached here of the drowning of Charles Blood and Charles Witham while forging the Tuolumne river at Lagrange yesterday. Blood was a resident of this county, and keeper of Blood's Hotel, at Merced Falls. Witham was an employee of the Olsen mine near Lagrange.

## Russia Joins the Conference.

ST. PETERSBURG, Feb. 18.  
Russia has signified her willingness to send a representative to the International Monetary Conference.

## The Funding Bill Passes the Senate.

WASHINGTON, Feb. 18.  
The Senate to-day passed the Funding bill. It retains the provision requiring National banks to take the new bonds and surrender their four and a half per cents, and only pay three per cent. interest on the bonds and certificates.

## The Pennsylvania Senatorship.

HARRISBURG, Feb. 18.  
The regular Republican caucus has accepted the provision for a joint committee of twelve to elect a candidate for Senator, subject to the approval of each body.

## The Conference has arrived at no agreement and the ballot to-day stood:

Wallace, 82; Beaver, 79; Bayne, 58.

MISCELLANEOUS ITEMS.

A sleeping car costs, on an average, about \$12,000 and earns about \$1,000 a month. Pretty good profit.

A bill to revise the whipping post for wife beaters is likely to pass the Indiana Legislature. It limits the punishment to twenty-five strokes on the bare back with a cat-o-nine-tails.

Josquin Miller's first wife is now Mrs. Thomas Logan. She is described as 35, with a thin, wasted form, and a wealth of black hair. Her health is said to have been affected by her separation from her daughter, removed by Mr. Miller to a Canadian convent.

There is a movement in St. Louis to strictly enforce the Sunday law. By a provision of the act, Jews may work on Sunday if they religiously observe Saturday. The *Globe-Democrat* declares that, if interfered with, it will employ Jews exclusively to get out the Monday morning edition.

"To me," writes the Rev. Phillips Brooks, in reply to an impeachment of his orthodoxy, "the incarnation and the miracles which Christ Jesus is said to have wrought seemed to be so naturally reasonable, and contradicted by no knowledge of man or of the world which God has given us. I believe that they are true historically, and most natural philosophically."

The presence of the Prince of Wales at the marriage of Mr. Leopold Rothschild has caused much satisfaction in Jewish circles, as, following close on the speeches of the Crown Prince of Germany, it is regarded as a sign that there is no royal sympathy with the persecutions of the Jews. No English Prince has visited a synagogue since 1809, when three of the royal dukes attended a service at one.

Macon, Ga., is considerably exercised about a bull that has taken possession of a vacant lot near a school house, and makes the children's lives a burden to them. Macon has a clause in its city laws prohibiting cows from roaming the streets, but nothing is said about bulls. Hence these steers. The city fathers are gravely debating whether the bull can be abated on the ground that he is a nuisance.

A Famous Astronomer on the "Fifteen" Puzzle.

Richard A. Proctor, says the *London Truth*, has devoted his energies to the solution of the "Fifteen" or "Boss" puzzle, and has published some three or four learned articles on the subject. He has calculated that there are no fewer than 20,922,789,888 positions in which the puzzle may be placed, if an aspirant desires to attempt its solution. Of these he has satisfied himself that one-half are soluble, and the remaining half insoluble. The solubility of the problem depends upon a strange law of relation between the line in which the vacant square occurs, and the number of what Proctor terms "displacements." If, for instance, we read the box in the ordinary way, beginning with the upper horizontal line from left to right, and find it to begin with 5, there are then four displacements, because 5 comes before 1, 2, 3, and 4, whereas it ought to follow them. If the next figure be 3, then there are two more displacements, because 3 comes before 1 and 2, whereas it ought to follow them. Now, according to Proctor, if the number of displacements are even, and the vacant block is in one of the even horizontal lines, reading from left to right—that is to say, in the second line from the top or in the bottom line—then the problem is soluble. The same is the case if the number of displacements are uneven, and the vacant block be in an uneven line. But when the displacements are uneven, and the line of the vacant block even, or vice versa, the problem is insoluble.

The Canal Ruins the Climate of Egypt.

An English lady, writing from her dahabiah on the Nile, off Asyout, on Jan. 6, sends a cheerful account of all things save the climate. Although at noonday they have to shut the cabin windows to exclude the glare of the sun, the fogs in the morning are heavy and at breakfast the thermometer stands at 52 degrees. It is regarded as the coldest season for several years. Old dragoons declare that the Suez Canal has ruined the climate of Egypt, and already the doctors are pointing to a place far away in the Soudan as the future resort of the consumptive European in winter.

What Came of Boasting.

Henry Stull became seriously involved in St. Louis through his boastfulness. While drunk, late at night, he entered a bar-room and declared that he had just killed a man. "I'm harmless as a turtle dove when I'm alone," said he, "but when they crowd me I'm a terror. Three men attacked me in the street, and I killed one with a knife. You'll see it all in the papers to-morrow." He showed the knife, washed it and his hands carefully, and made all the men and women in the place promise solemnly not to betray him. His story was pure fiction; but it happened that a man had been stabbed to death in the same neighborhood. Stull was arrested, and it was with difficulty that he proved his innocence.

Googel warrants all goods as represented. Work warranted for one year, Virginia St. Reno. Jan-17

Knott will continue to sell the large stock of general merchandise at cost for cash. Call on him and satisfy yourselves. Jan-17

LEGAL.

Summons.

IN THE DISTRICT COURT OF THE Second Judicial District of Nevada, in and for the County of Washoe.

The State of Nevada sends to Mary Jane Hall, Greeting: You are hereby required to appear in an action commenced against you as defendant by S. C. Hall, as plaintiff, in the district court of the Second Judicial District, in and for the County of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons (exclusive of the day of service), in person or by attorney, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Reno, in the State of Nevada, on the 10th day of August, 1881, and lived together and cohabited until on or about the 30th day of August, A. D. 1882. That plaintiff was a true and faithful husband. That on the 28th day of August, A. D. 1882, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Massachusetts, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, MARK PARISH, clerk of said court, have hereunto set my hand and affixed the seal of said court, this 14th day of November, A. D. 1882.

MARK PARISH, Clerk of the district court of the Second Judicial District of Nevada, in and for Washoe County.

Coslett & Bowman, Attys., for plaintiff. nov-19-4m

Sheriff's Sale.

UNDER AND BY VIRTUE OF AN order of the Second Judicial District Court of Nevada, in and for Washoe County, to me directed and delivered, on an indenture recovered in said court on Feb. 10, 1881, by A. M. and against Joseph Crocco, for the sum of \$737, with interest and costs, amounting to the sum of \$128.84, according to said order, and to the sum of \$18.14, I have this day levied upon the 518 cords of wood, mentioned in said order of sale, and hereby give public notice that I will sell the same, or as much thereof as may be necessary, to the highest and best bidder for cash, on Wednesday, the 25th day of February, A. D. 1883.

Between the hours of 9 o'clock A. M. and 5 o'clock P. M., to-wit: At 9 o'clock P. M. of said day, near Fraxator, Nevada, at its upper end, a V mine running into Frankton's commencing at a point on section 33 or 34, in Township 17, N. R. 19 E. Mt. Diablo, B. & M. Sheriff Washoe County. Reno, February 17th, 1881.

Assessment Notice.

DOAN GOLD AND SILVER MINING COMPANY. Location of works, Pyramid mining district, Location of Principal place of business, Reno, Nevada.

Notice is hereby given, that at a meeting of the Board of Trustees of the above named Company, held on the 15th day of January, A. D. 1881, an assessment (No. 8) of one-quarter (1/4) of one cent, was levied on the capital stock of the Company, payable immediately to the Secretary at his office, Reno, Nevada.

Any stock upon which this assessment shall remain unpaid on the 17th day of February, A. D. 1881, shall be deemed delinquent, and advertised for sale at public auction, and if not sold before will be sold by the Secretary at his office on the 21st day of March, A. D. 1881, to pay said delinquent assessment, together with costs of advertising and expenses of sale. MARK PARISH, Secy. Reno, January 19, 1881-1d.

Assessment Notice.

OFFICE OF HIGHLAND DITCH AND WATER COMPANY. Principal place of business, Reno, Nevada. Location of works, Washoe County, Nevada.

Notice is hereby given, that at a meeting of the Board of Trustees of the above named Company, held on the 15th day of January, A. D. 1881, an assessment (No. 13) of Ten Cents per share, was levied on the Capital Stock of the Company, payable immediately to the Secretary at his office, in Sunderland's building, Reno, Nevada.

Any stock upon which this assessment shall remain unpaid on the 15th day of March, A. D. 1881, shall be deemed delinquent, and advertised for sale at public auction, and if not sold before will be sold by the Secretary at his office on the 15th day of April, A. D. 1881, to pay said delinquent assessment, together with costs of advertising and expenses of sale. C. A. BROWN, Secretary. Reno, February 14, 1881.-1d

Dissolution of Co-partnership.

NOTICE is hereby given to all whom it may concern, that the co-partnership or partnership existing between Charles Knust and J. J. Jones, in the business of a saloon, under the name and style of Knust & Jones, has this day been dissolved by mutual consent. J. J. Jones retiring. Charles Knust assuming all liabilities, and collecting all notes and bills due the late firm. CHAS. KNUST. J. J. JONES.

Referring to the above notice, I desire to return thanks for the liberal patronage of the public heretofore enjoyed by said firm, and trust by fair dealing I shall merit a continuance thereof. CHAS. KNUST. Reno, Jan. 31, 1881.

Notice to Creditors.

NOTICE is hereby given to the undersigned public administrator of Washoe County, and administrator of the estate of M. A. Hilton, deceased, to the creditors of said M. A. Hilton, deceased, to the effect, that all persons having claims against the said deceased, to exhibit them with the necessary vouchers within one month after the first publication of this notice to the said administrator, at his office on east side of Virginia Street, Reno, Washoe County.

W. R. DICKENS, Administrator of the estate of M. A. Hilton, deceased. Dated at Reno, Nev., January 25th, 1881.-1m

THE BOSS! Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1878, June 11, 1878, and July 8, 1878.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee.

It makes rich flavored Coffee! Why? Because all the aroma and food are retained.

It beats them all! Why? Because it saves 100 per cent over boiled Coffee, which is not Coffee, but bitter water. Second—Because it saves 50 per cent over any other method of making Coffee. Third—Because it saves eggs and trouble of carrying heavy pots. Fourth—Because it makes Coffee as clear as red wine. Fifth—Because it takes only two minutes to make Boss Coffee.

The Boss works as well on Tea, and saves 25 to 50 per cent.

While Edison may furnish light to millions, the BOSS will assuredly give health to all who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or rotten water, (boiled coffee is not coffee, but bitter water mixed with coffee pebbles). Stop drinking boiled coffee. Make your coffee as nature intended, and restore your health. Many inventors have racked their brains to furnish the human family with a practical method of making coffee. At last the BOSS has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

To WHOM IT MAY CONCERN.—After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving eggs, it will save a large per cent. of the Coffee. It produces Coffee as clear as wine, which is much stronger, and has a more delicious flavor than any coffee made by any other process.

DR. SPINNEY NO. 11 KEARNEY STREET. San Francisco, Cal.

Treat all Chronic and Special Diseases YOUNG MEN

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever aid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit \$500 for every case of Seminal Weakness or private disease of any kind or character, which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits aropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital-urinary organs.

Office Hours: 10 a.m. to 8 p.m. Sundays from 10 to 11 a.m. Consultation Free. Thorough examination and advice. P. S. For private diseases of short standing a full course of medicines sent by express, with necessary instructions, will be sent to any address on receipt of Ten Dollars. Call or address DR. SPINNEY & CO. No. 11 Kearney Street, San Francisco, Jan-1-daw
